Vegetable Gardening for Beginners: The Basics of Planting ... Pick the Right Location. Picking a good location for your garden is absolutely key. A sub-par location can result in sub-par veggies! Here are a few tips for choosing a good site: Plant in a sunny location. Most vegetables need at least 6 hours of direct sunlight per day. Beginner Vegetable Garden | Better Homes & Gardens Full sun. Plant your raised bed vegetable garden in a place you know is exposed to light most of the day. Editor's tip: If you don't have a spot in full sun, you can still grow leafy vegetables like lettuce and spinach. And if you're in a hot-summer climate, cool-season varieties such as peas may do better in part shade. Planting a Garden Articles | Old Farmer's Almanac Ready to plant your garden? Whether you're a beginner gardener or experienced, start your visit here for growing guides, advice on vegetable garden planning for beginners, garden seed catalog lists, and more.
