Leap Year Nearly Every four years - Time and Date Nearly every four years is a leap year which has 366 days, as opposed to a common year, which has 365 in the Gregorian Calendar. Leap years have 366 days, not 365. We use leap years to sync our common years with the tropical years.

Leap year - Wikipedia A year that is not a leap year is called a common year. For example, in the Gregorian calendar, each leap year has 366 days instead of 365, by extending February to 29 days rather than the common 28. These extra days occur in years which are multiples of four (with the exception of centennial years not divisible by 400).
